Name: COVID-19 (Moderna), 100mcg/0.5mL

QR Code Verification

Scan this QR code at participating locations to share your COVID-19 vaccination information.
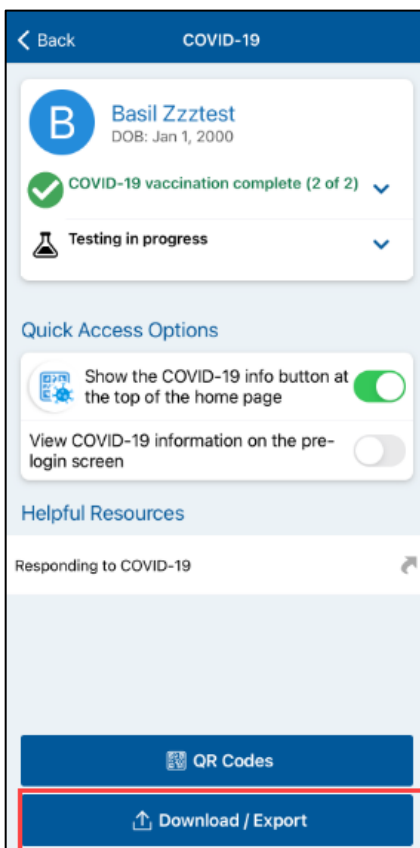

Export your vaccination card into the Health Wallet on your <u>mobile device</u>:

Apple Users: Must be on iOS 15.1 (Settings > General) to have the Apple Health/Wallet app.
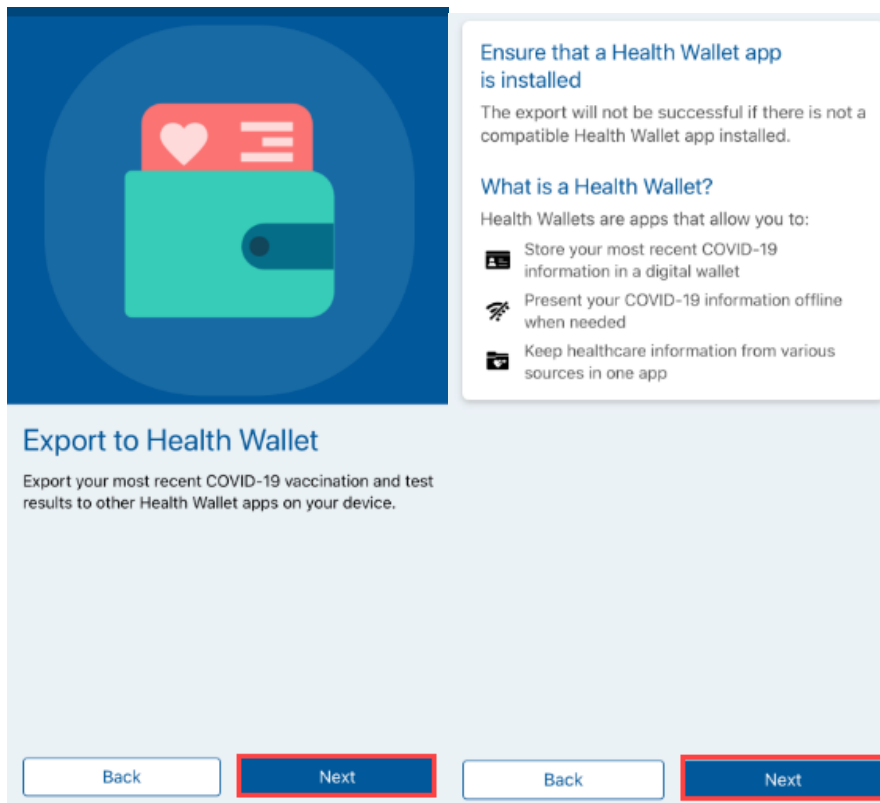

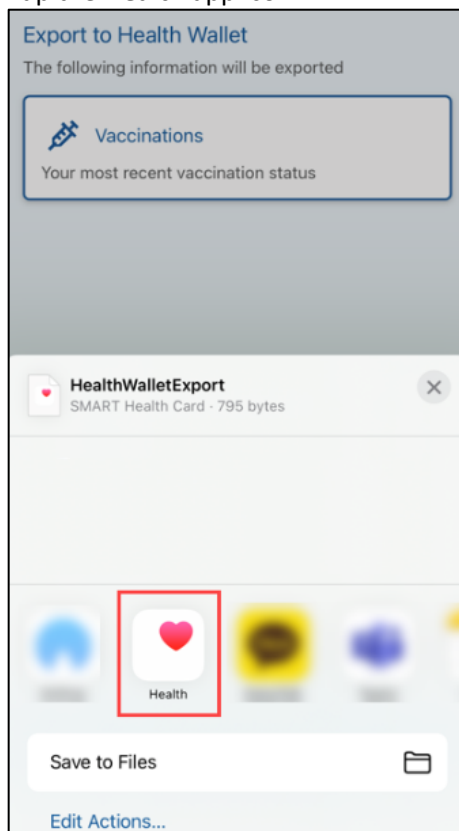

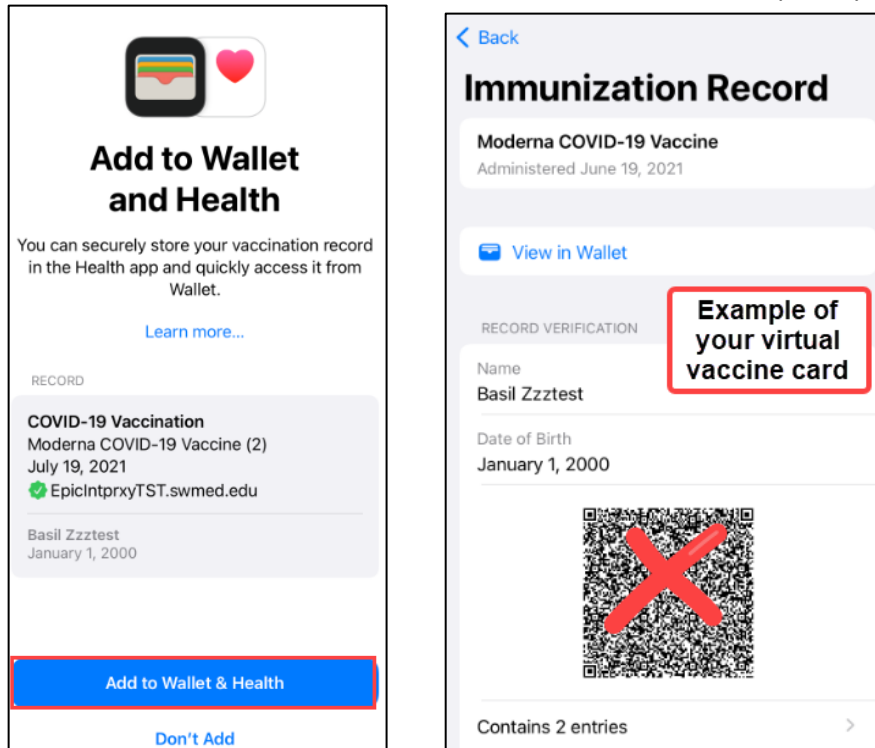

1. Tap the **COVID-19** activity button.

Alternate path: If you have this icon, click to start the download process.

2. Click **Download/Export**.

3. Click through the exporting information screens.

Export to Health Wallet

Export your most recent COVID-19 vaccination and test results to other Health Wallet apps on your device.

Ensure that a Health Wallet app is installed

The export will not be successful if there is not a compatible Health Wallet app installed.

What is a Health Wallet?

Health Wallets are apps that allow you to:

- Store your most recent COVID-19 information in a digital wallet
- Present your COVID-19 information offline when needed
- Keep healthcare information from various sources in one app
